

Heavy-duty performance with impressive productivity

The CR 1500 is a complete floor cleaning solution as it can sweep, scrub and dry in a single pass or be used for just sweeping or scrubbing depending on the application.

Technical specifications

Description	Unit	CR 1500 Petrol	CR 1500LPG	CR 1500 Diesel
Motor type	min.	4 cyl. 86HP, 3.0L	4 cyl. 86HP, 3.0L	4 cyl. 47.3HP, 2.5L
Productivity rate theoretical/actual	m ² /h	11000/7700	11000/7700	11000/7700
Sweeping width	mm	1520	1520	1520
Scrubbing width	mm	1370	1370	1370
Min. turn around aisle width	cm	305	305	305
Max. speed	km/h	11	11	11
Solution/recovery tank	litre	380/380	380/380	380/380
Hopper volume	litre	454	454	454
Fuel tank	litre	35	35	35
Max dumping height	cm	152	152	152
Sound level	dB(A)	86.1	86.1	85
Main filter area	m ²	9.9	9.9	9.9
Brush/pad diameter	mm	3x450	3x450	3x450
Brush speed/pressure	rpm/kg	200/272	200/272	200/272
Squeegee width	cm	135	135	135
Length x width x height	cm	272x150x156	272x150x156	272x150x156
Operating weight	kg	2353	2353	2353

Nilfisk Heavy combination machine

Nilfisk CR 1500

Powerful cleaning in demanding conditions

When the demand is for a machine capable of really heavy-duty industrial cleaning performance, the Nilfisk CR 1500 supplies the answer. With an all steel construction and wrap around bumpers, king-sized tanks and hopper, and a powerful 3-litre engine, this combination machine is built to perform under the toughest of conditions.

The machine's cleaning power is enhanced by disc brushes and a hydraulic system that provides a scrub brush pressure of 272 kg on the floor. The real performance capability of the CR 1500 provides outstanding results and impressive productivity gains that quickly repay investment costs. When cleaning conditions are severe, nothing compares with the strength, power, and reliability of the Nilfisk CR 1500.

The recovery and solution tanks are squared and made of stainless steel. This allows them to be easily cleaned and it enables the use of hot water for better floor cleaning.

Easy inspection, maintenance and replacement of the brush is possible thanks to no-tool-needed access.

All major components are accessible quickly without the need for tools. Maintenance is fast and simple

Fits your application perfectly

- Wide scrubbing area (137 cm), a sweeping width of 152 cm, 11 km/h working speed, plus 380 litre capacity solution and recovery tanks provide high productivity
- Huge hopper with 454 litre capacity provides increased operational time, and a dump height of 152 cm for emptying into any container
- Oil and grease is removed in one pass thanks to 272 kg of scrubbing pressure
- Rear wheel power steering for better traction control
- Ergonomically designed operating seat and controls allow better vision for improved results and safety
- Heavy duty steel construction protects both the machine and the operator
- Easy no-tool access to all major components and compartments reduces maintenance time
- Adjustable scrubbing pressure provides first class cleaning regardless of dirt level or floor condition

The CR 1500 can dump debris at a height of 152 cm

The dust filter can be easily removed for inspection without the use of tools
